Dear Steve,

PADI has received some very positive feedback from Martin Gilchrist who recently completed the Discover Scuba Diving at Pissouri Bay Divers with your instructors Joe Watson # 444006 and Josef Iciek #514451.

The feedback states:

"...I would like to start by saying I never usually write to anyone to say thanks but I really must insist these guys at Pissouri Bay Divers get as much kudos as possible. They took on my family of 5 of all different abilities on a discovery dive which was quite frankly one of the best experiences of my life and very probably for the rest of the family - Joe and Joe our instructors were absolutely professional from start to finish and really knew our skill level within minutes, they instilled confidence and brought out the adventurer in all of us. If you award or give points to dive schools around the emea, this one has to be one of the best schools in the world. Please do not ignore this email and support this absolutely wonderful team of experts at Pissouri Bay Divers, we didn't feel unsafe at any point and all want to return next year to complete a full dive course. Please give these guys as much support and thanks as possible..."

We're delighted to share this recognition with you and will add it to your professional file at PADI EMEA.

We'd like to also take this opportunity to express our appreciation for the professionalism you have demonstrated while representing the PADI organisation, and wish you continued success as a PADI Pro.

Should you have any Training or Quality Management related questions now, or in the future, please don't hesitate to contact training.emea@padi.com

Sincerely

Erika Hoffman
